In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted:

Group I, claim 16, drawn to a container.

Group II, claims 17 and 18, drawn to a method for making a container.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the method claims of Group II require an injecting step not necessary for the container of Group I.
